LIFTGATE ACCESS

Most long-haul carriers lack access to liftgates, creating logistical hurdles for shippers. A. Duie Pyle's brokerage division addresses this issue head-on by leveraging access to Pyle's service centers and modern fleet of liftgate equipped trailers.

STRATEGICALLY LOCATED

Shippers looking for truckload deliveries equipped with liftgates can send their shipments via Pyle Brokerage to one of Pyle's 34 service centers strategically located throughout the Northeast. We offer delivery within 50 miles of Pyle service centers, which covers all major metropolitan areas. Our LTL team will efficiently cross-dock the shipments, streamlining the process and ensuring timely deliveries with the added convenience of a liftgate.

THE STATS

- 32' – 68 liftgate equipped trailers
- 40' – 90 liftgate equipped trailers
- 45' – 133 liftgate equipped trailers
- 48' – 208 liftgate equipped trailers
